

Fall 2023

Pyramid Model Training: Fidelity Tool Administration and Data

Take advantage of these free training opportunities to build your (and your program's) capacity to administer one or both Pyramid Model fidelity tools.

All training will be offered virtually.

Introduction to Pyramid Model Implementation Data System (PIDS)

Trainer: Annie Dintino

September 13, 2023 12:00 - 1:00

Learn the basic components of PIDS structure, data security, and layers of access. Important information for fidelity tool administrators, coaches and others implementing Pyramid Model.

Prerequisites: General knowledge of PM implementation
