## PIDS INCEPTION

2019

**Founded in New York** — Developed as the first Early Childhood Pyramid Model national database, purpose-built to track and monitor Pyramid Model implementation state-wide.

2021

**PMC Expansion** — Full implementation support assumed by PMC, enabling rapid national scale across states, provinces, and programs of all sizes.

2023

**Fully Owned by PMC** — PIDS becomes wholly owned and operated by PMC, securing independence, long-term sustainability, and continued innovation.

## NEW OFFERING

### Individual Program Licensing

\$200 / year

For programs purchasing directly outside a state contract. Onboarding training & technical assistance at \$75/hr — typically 4–8 hours depending on program size and needs.

ASQ-SE & ASQ-3 scores **automatically import** from Brookes Online into PIDS — no duplicate entry. Programs keep **complete control** of import settings, with **secure child validation** via unique ID. Configurable per program; enable or disable anytime.
