or Register](#)

This 2-day training prepares participants to conduct preschool classroom observations and assess fidelity of Pyramid Model practices using the TPOT. Participants must attend both days and complete the checkout process to earn a 3-year reliability certificate.

Date: Tuesday 9/29/26 & Wednesday 9/30/26 (both days required)

Time: 9:00am-4:00pm

Prerequisites: Pyramid Preschool eModules or Birth-5 eModules

Teaching Tools for Young Children (TTYC)

[Click to
Learn More
or Register](#)

Explore Teaching Tools for Young Children (TTYC) and learn a step-by-step process for supporting children with challenging behavior. Participants will identify strategies to prevent challenging behaviors, respond effectively when they occur, and teach new skills that promote success.

Date: Tuesday 10/13/26

Time: 6:00-8:00 pm

Prerequisites: Pyramid Infant/Toddler, Birth-5 or Preschool Modules

Wellness, Reducing Stress, and Being a Good Team Member

[Click to
Learn More
or Register](#)

Explore how personal wellness and stress management impact teamwork and the ability to create supportive, nurturing environments for young children and families. Participants will learn about wellness, practice mindfulness strategies, and reflect on ways to manage stress and strengthen their role as effective team members.

Date: Wednesday 10/14/26

Time: 6:00-8:00 pm

Data Decision Making: From Data to Action

[Click to

or Register](#)

Explore how data can strengthen program-wide Pyramid Model implementation and continuous quality improvement. Participants will practice collecting, analyzing, and interpreting data to guide decision-making, challenge assumptions, and align action planning with the Benchmarks of Quality.

Date: Monday 10/19/26

Time: 6:00-7:30 pm

Teaching Pyramid Infant-Toddler Observation Scale (TPITOS)

[Click to
